Peter – My apologies for the oversight of not copying you on the below work plan transmittal for Madison-Kipp Corporation.

Thanks,
Katherine

Subject: MKC - Bike Path Investigation Work Plan

Mike –

Attached for your review is the Bike Path Investigation and Excavation Work Plan. Please let us know if you have questions. The file is also being uploaded to the DNR electronic submittal system and you will receive a hard copy.

We have scheduled with the driller to do this work on Wednesday, April 3. Can you please coordinate with the City ASAP regarding bike path closure? We are planning to provide signs and a detour during the investigation, but they may have other closure requirements (notifications, e.g.) that they need to complete. Please let us know if for some reason the City will not allow us to do the work on April 3rd.

Thanks,
Katherine
